Respected Sir

I humbly beg to bring the following few lines for you kind and favourable consideration.

I am completing 30 years' service by the end of this March. My present pay is only Rs.35/- per mensem. According the time-scale sanctioned for compounders attached to these hospitals, i.e. 30-½-35-½-40 - 50(Selection grade), I will hav to wait for at least 10 years more to reach the maximum. As present age is 50, I think I will have to retire even before obtaining the maximum pay. Besides, I have to mention, that i the Madras Presidency compounders who have put in less perioc of service than I have put in, have been given the selection grade.

As regards the work I am doing, I think, I need not explain as you are fully aware of it.

Considering the above and the present high cost of living, I humbly beg to request that you will very kindly recommend for me the selection grade of Rs.50/-.

For which act of kindness, I shall ever be grateful.

I beg to remain,

Respected Sir,

Your most obedient servant,

T. Karuppana Pillay.

Sir,

I respectfully beg to submit the following few lines for your kind condideration and a favourable disposal

I joined the Bowring Hospital in 1909 after resigning Mysore service, when a sub-assistant surgeon was badly wanted and at a time when the Madras Government could not spare an from their cadre.

I have completed under your control a service of 16 during which I have passed both the grade examinations and tried my best to give entire satisfaction to my superiors discharge of my duties without any complaints.

As I was given to understand that a senior grade sub tant surgeon will be appointed to be charge of the Laborat went to the King Institute, Madras, at my own expense, tak privilege leave to qualify myself in Bacteriology. During training I had also to pay a fee of Rs.50/- per mensem to t Institute. After my return from training, I was not given senior grade but only an allowance of Rs.15/- per mensem. Laboratory work performed by me in this hospital does not way differ from the nature of the work performed by a bact logist. In addition to this Laboratory work, I have also attend in turn the in and out patients, accidents, and pol cases and conduct post-mortem examinations on my duty days

At the time of my appointment I was also impressed my pay and promotions would be regulated according to the rul

rules in force in the Madras Presidency. This is not done in full, for the revision of pay that took place in 1918 and 1923 was given effect here only a year later and thereby, I had to lose a large amount. My colleagues who are working in the Municipal dispensarie are far better, as in their case the revision was given effect in the same way as in Madras.

Lastly, I have to mention that some of the sub-assistant surgeons who were juniors to me in the Madras Medical school and wh have put in less service have been placed in the selection grade of Rs.200/- per mensem in the Madras Presidency where there are over 1(selection grade sub-assistant surgeons. I may also be permitted to state that one Mr. Ramachendrier who was in charge of the Victor Hospital Laboratory was given an assistant surgeon's grade after 14 years' service in the Mysore Government.

In view of the circumstances mentioned above, I humbly be to request that I may be given ~~a~~ a selection grade, for which act of kindness, I shall be ever grateful.

beg to remain,

Sir,

Your most obedie...

M K Bhoopal

Letter No. 672, dated 21st July 1925, 16
from the Residency Surgeon, Bangalore.

Please see para 4 of Sl.86/240-1910 and Sl.90/240-19 in which the scale of pay fixed for compounders in the Madras Presidency was introduced into the Civil and - Military Station, Bangalore. The scale provides for the appointment of 15 per cent selection grade on - Rs.50/-. There are four compounders in the Bowring & Lady Curzon Hospitals 1(36) 3(31).

The Residency Surgeon now forwards the application of compounder Karapanna Pillay with the recommendation that he may be promoted to selection grade. The following table shows the present and proposed cost of the proposal:-

Compounder	Present cost.	proposed cost.	Increas Plus
Karapanna Pillay. (30-½-35-½-40-50)	36	50	Plus 14.

The extra cost involved by the proposal is Rs.14 per mensem or Rs.168/- per annum. The extra expenditure during the current year will be Rs.98/- if the proposal is sanctioned with effect ~~to~~ from the 1st August 1925. The Residency Surgeon has not stated whether there is sufficient allotment to meet extra expenditure, but Rs.9 can be met from savings anticipated under "Pay of Estabt in the Medical budget.

Under rule 57 of the Book of Financial Powers the Hon'ble the Resident can sanction the proposal. The Residency Surgeon says that the compounder has put in 31 years' service. It is for orders as to whether the compounder Karapanna Pillay can be promoted to the selection grade or not.

to accept the Residency Surgeon's recommendation the pay of Rs 50/ may perhaps be allowed from the date on which the applicant enters on his 53rd year. This will enable him to serve on Rs 50/- for three years at least and thus entitle him to the maximum pension admissible viz Rs 25/-. Pensions are calculated on the average of 3 years pay.

6. Please see paras 2 & 3 of Sl.86/240-1910 and Sl.90/240-191 and the office notes in para 5. In 1922 Mr. Barton recommended the following scale of pay to the Sub. Assistant Surgeons in the Bowring & Lady Curzon Hospitals with effect from the 1st March 1921:-

(1) General scale (annual increment) } 75 - 5 - 175.

(2) Selection grade. Rs.200

But the Government of India sanctioned only the General scale viz., 75-5-175 with effect from the 1st March 1925 but they did not include the selection grade viz., Rs.200 in the scale sanctioned by them:- Vide statement attached to Sl.90/240-1910.

The Residency surgeon now forwards the application of Sub. Assistant surgeon M.K. Bhoopaul with the recommendation that he may be promoted to the selection grade. The Sub-Assistant surgeon has put in 16 years' service and is drawing (a pay of Rs 105 in the scale of 75-5-175. In addition to the above he gets Local Allowance Rs.10 and special pay Rs.50

The follwoing table shows the present and proposed cost of the proposal:-

	Present cost	Proposed cost.		Difference +increase
	Average cost	Average cost.		
r.M.K. Bhoopal ub. Assistant urgeon. (75-5-175)	125	200		+ 75
Local Allowance	10	Local Allowance	10	
Special pay	30	Special pay	30	
Total.	165	Total.	240	+75

he extra cost involved by the proposal is Rs.75 per mensem r Rs.900 per annum.

Under rule 57 of the Book of Financial Powers the on'ble the Resident can sanction the proposal.

The scale of pay on which Mr. Bhoopal is now servi as sanctioned only in 1920. Even if it had been sanctioned 16 years ago Mr. Bhoopal would now have been rawing only Rs.155 and would have had to wait for ore to attain the maximum of Rs.175. Perhaps he e asked to renew his application after 4 years.
